Index to Volume XLI

January---December, 1913

A

Abendroth Bros., Description of Method of Molding Cast Iron Fire Pots..... 205
Abendroth Bros., Method of Making Pipe Fittings on Stripping Plate Machines... 520
Acid-Proof Metal Mixture..... 387
Acid-Resisting Metal, How to Overcome Porosity 421
Affiliated Manufacturers, Description of Piston Molding Machine..... 124
Alkalis, How They Affect Aluminum..... 120
Allen, Edgar, American Manganese Steel Co., Description of Yard..... 236
Allen, Edgar, American Manganese Steel Co., Method of Molding Steel Guard Rails 238
Allis-Chalmers Co., Method of Molding Turbine Cylinders 47
Alloy, Aluminum Bronze 324
Alloy, Aluminum, Flux for..... 421
Alloy, a New Aluminum 553
Alloy, an Aluminum Match-Plate..... 543
Alloy, Anti-Friction 165
Alloy, Brass Tubing 324
Alloy for Aluminum Pattern Plates..... 249
Alloy, High Pressure 165
Alloys, Reclamation of 384
Alloy, Strong Aluminum 323
Alloy, Titanium-Copper 92
Alloy, White Metal 455
Alloying Aluminum with the Rarer Metals 321
Alloying Lead with Copper 120
Alloys and Copper Discussed by American Society for Testing Materials..... 294
Alloys for the Brass Foundryman.....
....Data Sheet Nos. 131 and 132, February
Alloys, Lead-Tin-Antimony .....
...Data Sheets, Nos. 131 and 132, February
Alloys, Leaded, Method of Pouring..... 197
Alloys, Method of Shotting..... 118
Alloys, Non-Ferrous, Nomenclature of.... 484
Alloys, Non-Ferrous, Recent Improvements in 416
Allyne-Ryan Foundry Co., Description of Methods of Automobile Casting Manufacture 261
Aluminum Alloy, Flux for 421
Aluminum Alloy, Strong 323
Aluminum, Alloying, with the Rarer Metals 321
Aluminum Bronze Alloy 324
Aluminum Casting Difficulties 421
Aluminum Castings for the Automobile Trade, Method of Producing..... 87
Aluminum Crank Case, Method of Repairing in Mexico 228
Aluminum, How Affected by Alkalis..... 120
Aluminum, How Cerium Retards Corrosion of 214
Aluminum, Method of Casting 226
Aluminum, Method of Casting, in Permanent Molds 120
Aluminum, Method of Cleaning 159
Aluminum, Nitrogen in, How to Avoid.. 165
Aluminum, Pin Holes in 166
Aluminum, Pouring, at a Low Heat..... 117
Aluminum Shrinkage 488
Aluminum Solder 161
Aluminum Solder, Mixture for 29
Aluminum Solder, Mixture for 197
Aluminum Tariff, What Congress Thinks of it 249
Aluminum Turnings and Borings, How to Melt 119
American Brake Shoe & Fdy. Co., Description of Continuous Brake Shoe Plant 50
American Electro-Platers' Association, Officers of 286
American Foundrymen's Association, Program of 397
American Foundrymen's Association, Report of Annual Meeting 461
American Institute of Metals, Program of 397
American Institute of Metals, Report of Annual Meeting 479
Analyses of Carbon-Free Metals..... 361
Analysis, General Rules for Mixing Iron by .....Data Sheet No. 133, March
Angles for the Pump Connection to an Auto Radiator 30
Angles, How to Obtain, for Pump Connection to Radiator 232
Annealing Admiralty Gun Metal, Method of 168
Annealing Semi-Steel, Method of 85
Annealing Steel Castings, Method of..... 96
Annual Exhibition of the Foundry and Machine Exhibition Co. 489
Annual Meeting of the American Foundrymen's Association, Report of..... 461
Annual Meeting of the British Foundrymen's Association 334
Anodes, Pure Copper 441
Anti-Corrosive Mixture 420
Anti-Acid Bronze, Mixture for..... 165
Anti-Friction Alloy 165
Antimony and Bismuth, Production of in 1912 508
Antimony in Brass Mixtures 322
Antimony Used as a Substitute for Tin.. 29
Anvil Block Cast in Open Sand..... 274
Application of Chemistry in the Plating Room—I 101
Application of Chemistry in the Plating Room—II 145
Application of Chemistry in the Plating Room—III 187
Application of Chemistry in the Plating Room—IV 243
Application of Chemistry in the Plating Room—V 331
Application of Chemistry in the Plating Room—VI 362
Applications of Electric Power in the Foundry 407
Arcade Mfg. Co., Description of Combined Jolter and Squeezer Molding Machine 253
Arcade Mfg. Co., Piston Molding Machine, Description of 255
Artistic Treatment of Cast Iron..... 354
Automobile Castings, Method of Manufacture 261
Automobile Work, Malleable Iron Castings for 276
Awakening of the Patternmaker 245
Axles, Steel, Method of Molding and Casting 204

B

Babbitt Mixtures 79
Babbitt Mixtures, Standard 215, 295
Bath, For the Deposition of Cobalt..... 440
Bath, Nickel, Cleaning the 103
Baths, Cleaning, Equipment and Management of 190
Bayley Mfg. Co., Description of a New Multi-Stage Blower 302
Bearing Metals, Study of, with Testing Methods 291
Bearing Mixture, Phosphor Bronze..... 165
Bearings, Phosphor - Bronze, Locomotive, Cost of 488
Berkshire Mfg. Co., Description of Air Squeezer 256
Bismuth and Antimony, Production of in 1912 508
Black Products Co. 120
Blast Furnace Bosh Plates, Mixture for.. 324
Blisters, Spotting-Out, Caused by..... 61
Block, Anvil, Cast in Open Sand..... 274
Blower, a New Multi-Stage 302
Borings and Turnings, Aluminum, How to Melt 119
Bowser, S. F., & Co., Description of Core Oil Storage 212
Brake Shoe Plant, A Continuous..... 50
Brass Castings, Porous 164
Brass Castings, Porous 543
Brass, Cheap Red 487
Brass, Cleaning Solution for 189
Brass, Cupola-Melted 386
Brass Cylinder Cores 166
Brass Foundries, Melting Loss in..... 116
Brass Foundry Management, Some Aids to the 162
Brass Foundry, Oxidation Difficulties in the 120
Brass Furnace Test 134
Brass Ingots, Method of Casting..... 72
Brass Melting Difficulties 166
Brass, Method of Burning-in..... 226
Brass, Method of Casting, on Steel..... 197
Brass Mixture for Flat Work..... 165
Brass, Plated, Finishes 189
Brass, Plumbers', Lead in 164
Brass Pump Liners, Difficulties with..... 198
Brass, Reverberatory Furnace for..... 92
Brass Rods, Method of Casting..... 79
Brass Solution Deficient in Metal..... 61
Brass, Tube, Method of Utilization..... 198
Brass Tubing Alloy 324
Brass Turnings, How to Utilize 544
Brass, Yellow, Difficulties 323
Brasses, Cold Mill Mixture for..... 29
Bridgeport Die & Machine Co., Description of Pneumatic Squeezer..... 459
Bridgeport Pneumatic Squeezer 459
British Founder's Viewpoint of Semi-Steel 349
British Foundrymen's Association, Annual Meeting of 334
Bronze, Aluminum, Alloy 324
Bronze, Anti-Acid, Mixture for 165
Bronze, High Compression, Mixture for.. 164
Bronze, Non-Corrosive 164
Bronze, Parsons 79
Bronze Plates, Splitting of 544
Bronze-Plating Steel Tubes 104
Bronze Vanadium 487
Bronze, Vanadium, Method of Making a Large, Engine Housing 224
Brown Instrument Co., Molten Metal Pyrometer 256
Bucket, Clam Shell, Self-Contained 506
Bucket, Electric Motor Clam Shell..... 338
Buffing, Ancient and Modern Methods of 240
Bureau of Mines, United States, Report of an Investigation of Cupola Melting Operations 309
Burning-in Brass 226
Burt Mfg. Co., Description of Fan Ventilator for Foundry Buildings..... 458
Bushings, Brass, Slag in 544
Bushing Mixture 324

BOOK REVIEWS:
Basic Open-Hearth Steel Process..... 41
Hendrick's Commercial Register..... 552
Industrial Depressions 41
Metallurgy of Cast Iron 41
Metallurgy of Iron and Steel..... 41
Science of Burning Liquid Fuel..... 356

C

Calculating Gray Iron Mixtures..... 422
Calculating Mixtures for Malleable Cast Iron—I 451
Calculating Mixtures for Malleable Cast Iron—II 498
Campbell, Wyant & Cannon Fdy. Co., Description of Method of Molding Gas Engine Cylinders for Motor Cars..... 1
Canadian Locomotive Co., Ltd., Description of New Foundry 365
Carbon, Combined, Differences in 214
Carborundum Co., Pure Silicon Castings. 112
Carborundum Co., Aloxite Plant for..... 84
Cases, Large Crank, Method of Pouring.. 151
Cast Iron, Artistic Treatment of 354
Cast Iron, Coppering 364
Cast Iron Fire Pots, Method of Molding. 205
Cast Iron, Influence of Metalloids on.... 301
Cast Iron, Influence of Silicon on Corrosion of 307
Cast Iron, Manganese in 358
Cast Iron Sanitary Ware, Enameling Process for 220
Cast Iron, Use of, for Machine Tool Parts 523
Casting, a Gray Iron Mouth-Piece, for a Retort 160
Casting Aluminum, Method of 226
Castings, Aluminum Motor Car, Method of Molding 537
Casting, Beam Spacer, Made on a Molding Machine 305
Casting Brass on Steel 197
Casting, Bronze, for a Submarine, Method of Molding 227
Casting Cleaners' Wages, How They are Estimated on the Premium Basis..... 183
Casting Difficulties, Steel 246
Casting, Generator Field Frame, How to Mold Large, Gray Iron..... 217
Casting, Gray Iron Stove Plate, An Unusual 78
Casting Lightning Rod Points 420
Castings, Aluminum, Producing, for the Automobile Trade 87
Castings, Automobile, Method of Manufacture 261
Castings, Brass, How to Avoid Dross in. 164
Castings, Brass, How to Overcome Porosity 387
Castings, Brass, Porous 164
Castings, Formula for Finding the Weights of .....
.....Data Sheets Nos. 145 and 146, Sept.
Castings, Formulas for Finding the Weights of .....
.....Data Sheets Nos. 129 and 130, January
Castings, Gray Iron, Chemical Composition of .....
Data Sheets Nos. 134, 135 and 136, March and April.
Castings, Gray Iron, Rough Surfaces on. 246
Castings, How to Estimate the Selling Price of 235
Castings, Implement, Model Plant for Making 175
Casting, Intricate, How One Was Made. 518
Castings, Jobbing, Gray Iron Mixture for 422
Castings, Machine Tool, Use of Cast Iron for 523
Castings, Malleable, Blowing of..... 106

Castings, Malleable Iron, for Automobile Work 276
Castings, Motor Car, Gray Iron Mixtures for 474
Castings, Porous Brass 543
Castings, Pure Silicon 112
Castings, Radiator, Sponginess in 10
Castings, Shallow, French Molding Machines for Making 287
Castings, Steel, A Canadian Plant for Producing 67
Castings, Steel, Core Mixture for..... 206
Castings, Steel, Electric Furnace for..... 55
Castings, Steel, Method of Annealing..... 96
Castings, Steel, Method of Melting Basic Open-Hearth for 135
Castings, Steel, Some Difficulties in Pouring 469
Castings, Steel, The Production of Electric 468
Castings, White Iron, Pitted 526
Cement, a Refractory 126
Cerium Retards Corrosion of Aluminum.. 214
Chemical Composition of Gray Iron Castings for Various Purposes.....
Data Sheets Nos. 134, 135 and 136, ... March and April
Chemistry, Application of in the Plating Room—I 101
Chemistry, Application of in the Plating Room—II 145
Chemistry, Application of in the Plating Room—III 187
Chemistry, Application of in the Plating Room—IV 243
Chemistry, Application of in the Plating Room—V 331
Chemistry, Application of in the Plating Room—VI 362
Chicago as a Foundry Center 391
Chicago Meeting of Foundrymen, Forecast of Proceedings 391
Chicago Foundrymen's Club, Report of Meeting 201
Chloride of Silver, Conversion of..... 19
Chills, the Use of 182
Chills, Use of in Making Tool Castings 523
Circuit, Electric Power, Frequency of an 519
Clam Shell Bucket, Self-Contained..... 506
Clamer, G. H., Biographical Sketch of... 480
Cleaning Aluminum, Method of 159
Cleaning Non-Ferrous Articles 226
Cleaning Solution for Brass..... 189
Cleaning the Nickel Bath 103
Clearances for Electric Cranes,.....
..Data Sheets Nos. 149 and 150, November
Clearances for Hand Power Cranes.....
....Data Sheets Nos. 147 and 148, October
Coal, Coking Investigations 15
Coal Reserve, Vast 10
Cobalt Depositing Bath 440
Coke-Fired Furnaces, Layout Showing Stack and Flues for 119
Coke in Bins, Tonnage of .....
.....Data Sheet No. 152, December
Cold Mill Brasses, Mixture for..... 29
Combined Carbon, Differences in 214
Committees, Chicago, in Charge of Foundrymen's Convention 389
Commutators, Glazing Polish for 104
Composition Pattern Plate Making 247
Compressor, Air, Belt-Driven 507
Compressor, Air, for Small Plants..... 169
Connecting Rods, Mixtures for 79
Continuous Brake Shoe Plant, A..... 50
Continuous Foundry Operations, Economies of 7
Continuous Melting 553
Convention and Exhibition in 1914 522
Conversion of Chloride of Silver..... 19
Converter Process, Stock Oil-Fired..... 33
Converter, Two Piece, Steel 81
Copper, Alloying Lead with 120, 166
Copper and Alloys Discussed by American Society for Testing Materials..... 294
Copper, Distillation of Impurities from... 28
Copper, Effect of Upon Rosin..... 29
Copper For Automobiles, Consumption of 112
Copper in Silver Solution 19
Copper-Plating to Size 190
Copper Ladle, Casting a Large 543
Copper, Melting, in the Cupola 543
Copper, Pure Anodes 441
Coppering Cast Iron 364
Core Boxes, Cores and Prints..... 257
Core for Manganese Bronze..... 387
Cores, Green Sand, for Making Threaded Fittings 535
Core Making Equipment of a Well-Equipped Shop 281
Core Mixture for Steel Castings..... 206
Core Oil Storage 212
Core Ovens, Battery of Truck..... 507
Core Shops, How Economies Can be Effected in 532
Cores, Brass Cylinder 166
Cores, Core Boxes and Prints..... 257
Cores, Hydrostatic Pressure on..... 229
Correspondence, Foundry Training by.... 84
Cost-Keeping Methods, Economical Foundry 283
Cost Methods, Uniform, in the Foundry Industry 272
Cost of Phosphor-Bronze Locomotive Bearings 488
Cost System, an Easily-Applied, Common Sense, Foundry—I 43
Cost System, an Easily-Applied, Common Sense, Foundry—II 97
Cost System, an Easily-Applied, Common Sense, Foundry—III 152
Cost System, an Easily-Applied, Common Sense Foundry—IV 207
Cost System, Description of Rutenber Motor Co.'s 527
Costs, Electroplating, Estimated by the Square Foot 158
Costs, Pattern Shop, How They Can be Reduced 357
Crane Grinder, a Novel 301
Crane Operators, Don'ts For 348
Cranes, Clearances for Hand Power.....
....Data Sheets Nos. 147 and 158, October
Cranes, Electric Clearances for.....
..Data Sheets Nos. 149 and 150, November
Crank Case, Aluminum, Method of Repairing in Mexico 228
Crucible Furnace, A New..... 83
Crucible Furnace Run, Record 239
Crucible Steel Casting Co., Description of Electric Furnace Installation 353
Crucibles, Method of Patching 118
Crystallization of Zinc 488
Cupola Accident Prevention 136
Cupola, English, Old Type 149
Cupola, First and Last Iron From..... 117
Cupola, Melted Brass 386
Cupola Melting Difficulties 186
Cupola Melting, Faster 93
Cupola, Melting Losses 84
Cupola, Melting Malleable Iron in..... 471
Cupola Melting Operations, An Investigation of 309
Cupola Melting Ratio, a Better..... 107
Cupola Melting, Slow 522
Cupola, Operating a Small 455
Cupola Practice, Ratio of Coke to Iron... 473
Cupola, Report of Charges 433
Cupola Record, a Remarkable 552
Cupola, Small, Continuous Melting in..... 248
Cupolas, Ancient, Render Efficient Service 149
Cupolas Equipped with Two Rows of Tuyeres 209
Cutlery, Method of Nickel-Plating..... 61
Cutting by Oxy-Acetylene Process 443
Cyanide, Absorption of by Steel 18
Cylinder, Brass, Cores 166
Cylinders, Gas Engine, For Motor Cars, Method of Molding 1
Cylinders, Gas Engine, Mixture for..... 552
Cylinders, How Twenty-two Were Cast in One Sand Mold 121
Cylinders, Methods of Molding, by Hand and Machine 143
